“An enthusiastic computer engineering student currently in the final semester of my Bachelor’s Degree. I am an energetic, ambitious person who has developed a mature and responsible approach to any task that I undertake, or situation that I am present with. I have worked in the field of IT and online data transcription. I have good interpersonal and English communication skills, Computer proficiency and Engineering ideas. I am excellent in working with others to achieve a certain objective on time and with brilliance. I am looking forward for a career which is both challenging and rewarding.”
